

Dear Colleagues

23 April 2020

Assalamu Alaikum

Hope that you are well by the grace of almighty Allah amid the outbreak of corona virus. May Allah free us from the corona-aggression.

I would like to draw the attention of all the Academics who are attached to our initiative of **Distance Learning** for the Cadets. All-out and whole-hearted dedication is desired to keep our education duly in progress. You are to follow the HoDs' instruction for conducting your online education.

Besides, please keep in mind that the uncertain time of the ongoing unscheduled vacation needs to be made up involves lectures, practical sessions, examinations, regimental training, term/semester management, 2-years' Phase-I extension & graduation parade rescheduling, co-ordination of the Academy education expenses keeping the Cadets' 2-years' fee/charges unchanged, paying the casual staff-members and many other related services.

Today (23 April 2020) during 10:30 AM to 12:30 PM, **Hon'ble State Minister for Shipping and Respected Secretary of Ministry of Shipping** had a coordination meeting of CPA. Academy Commandant and the NMI Principal were also invited. During discussion about our Academy, Hon'ble State Minister expressed satisfaction and hailed our recently introduced Distance Education for the Cadets at home during the special vacation due to corona-virus outbreak.

Hence, I would like all of you to inform a brief individual report (few lines email message will be fine) of your activities in the Distance Education for about a month by 26 April 2020; HoDs to ensure it.

All the best wishes,

Dr. Sajid Hussain CEng CMarEng FIMarEST
Commandant
